A Note From Our Leader

This past year has been a big one for Ferrington Cares! You'll see in this report that we accomplished so much with the help of our volunteers - hundreds of rides, home repairs, and medical equipment loans for neighbors in need.

And one of the most important things we did this past year was listen to you! A team of volunteers engaged more than 250 residents in focus groups to hear about your hopes and concerns for the future. You told us overwhelmingly that what you care about is not just living long, but living well.

Accordingly, we are focusing this year on facilitating personal connections to combat isolation, and will introduce a comprehensive Healthy Aging series. The goal, over time, is to transform Ferrington Cares into the best healthy aging nonprofit in the country. And I believe we can do it.

Take a look at our impact report and see what's happening. As always, I am eager to listen to your thoughts and ideas.

Warmly,

Kim Schneider

Neighbors We Serve

"My first experience with Ferrington Cares was last year when my son went to the Center to borrow medical equipment, and commented on how helpful they were. Now I go there all the time for balance, yoga, meditation, and many other programs and events. It is a source of health and well-being for me.

Ferrington Cares is a warm and caring center for all of us in the Village. I want to participate, volunteer, and donate as much as I am able because I want them to be there when I need them the most."

Kay Merrill

"We knew about the Village movement—neighbors helping neighbors. When we were looking for somewhere to move, we had heard about Ferrington Cares and decided Ferrington Village is where we wanted to go. One of the first things we did in the village was to sign up as drivers for Ferrington Cares. We enjoy meeting interesting people and are happy knowing we can help them remain in their homes. They often express gratitude for the help they receive from Ferrington Cares."

Volunteers Who Make it Happen

Supporters Who Give Generously

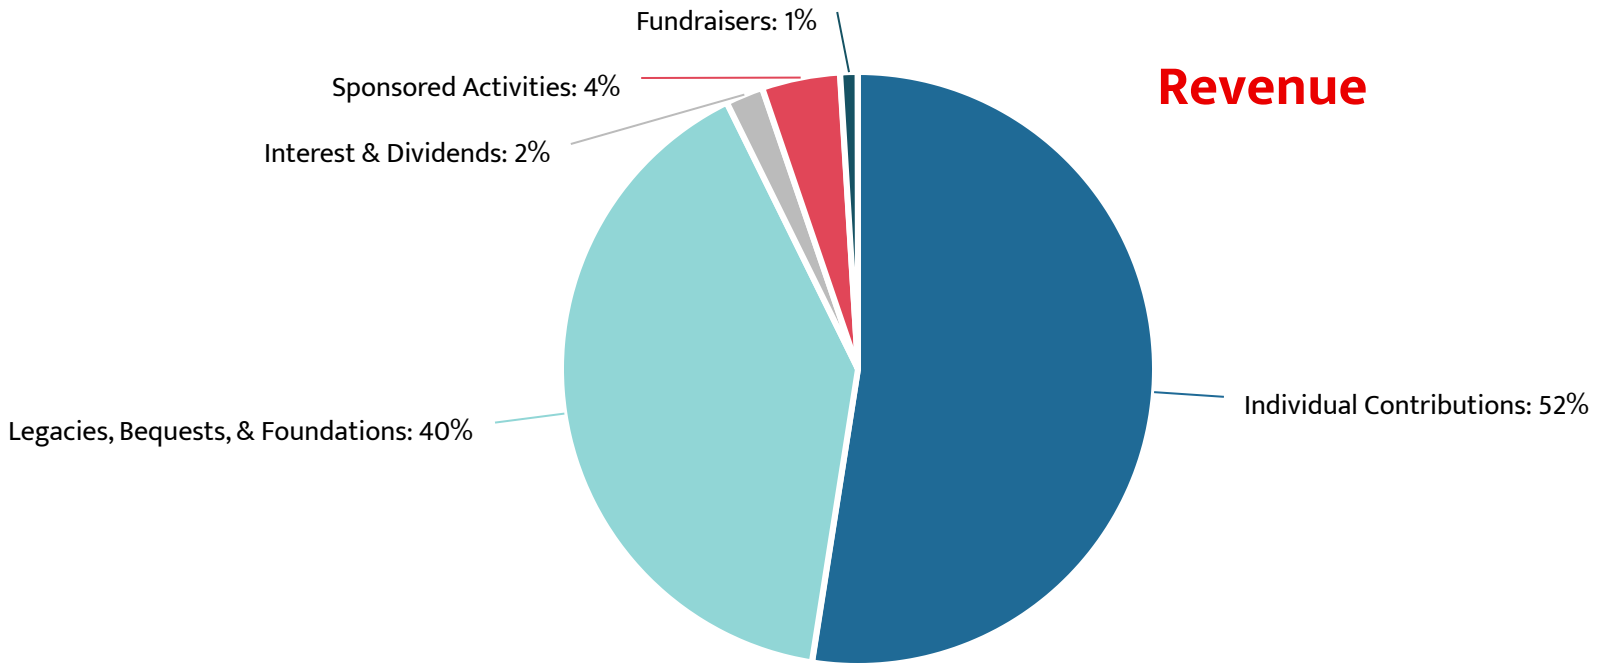

"When we moved to Ferrington Village and learned that we had our very own nonprofit dedicated to healthy aging, we knew we would support Ferrington Cares. When we learned how leadership was thinking about healthy aging, we made it one of our primary giving priorities. It is our hope that others will do the same so that Ferrington Cares can do more for more residents."
